

## Health plans that qualify as minimum essential coverage

If you're covered by any of the following types of plans, you're considered covered under the health care law and don't have to pay a penalty.

- Any Marketplace plan, or any individual insurance plan you already have
- Any employer plan (including COBRA plans, with or without “grandfathered” status)
- Retiree health plans
- Medicare
- Medicaid
- The Children's Health Insurance Program (CHIP)
- TRICARE (for current service members and military retirees, their families, and survivors)
- Veterans health care programs (including the Veterans Health Care Program, VA Civilian Health and Medical Program (CHAMPVA), and Spina Bifida Health Care Benefits Program)
- Peace Corps Volunteer plans
- Self-funded health coverage offered to students by universities for plan or policy years that begin on or before Dec. 31, 2014

Other plans may qualify. Please ask your health coverage provider.

## Health plans that don't count as coverage

Some products that help pay for medical services don't qualify as minimum essential coverage. If you have only this kind of product, you may have to pay the fee. Examples include:

- Coverage only for vision care or dental care
- Workers' compensation
- Coverage only for a specific disease or condition
- Plans that offer only discounts on medical services
